About Our Company

We are a manufacturer of plastic fuel tanks for passenger cars. Our products are exported worldwide, guaranteeing quality and reliability.

Since 2018, our customers have included both European companies and individuals from around the world. Our plastic fuel tanks are made from a modern composite material based on polyester resins, fiberglass, and carbon fiber. They are resistant to diesel and gasoline fuels and have a long service life.

Our plastic fuel tanks are fully compliant with the original dimensions.

The fuel tanks are manufactured in Latvia and in full compliance with the technical regulations and norms of the European Union. All prices are excluding tax.

The range of fuel tanks for new vehicle brands in our shop Plasticautotank.com is constantly being expanded.
